
FOREWORD

“MAKE EASY MONEY - FAST!!!”

Okay. Now that I have your undivided attention – let me tell you what’s infinitely more important than making easy money – fast or otherwise: making sure you and your loved ones secure a place in heaven – LIVING WITH ALMIGHTY GOD.

So many people are concerned about money. You see supposed “guru” after “guru” telling people how they can make lots and lots of money. And I’m not saying money isn’t important. What I am saying is that it’s – NOT MOST IMPORTANT.

The first and most important thing EVERYONE on this planet should do – is secure their place with Almighty God in eternity. Because we’re all headed towards eternity whether we believe it or not. And that eternity is either going to be inexplicably joyful and good - or inexplicably miserable and evil.

This is the key to **Live Great Now...And Forever**. You need to realize that **you didn’t put yourself here – and you have no power to keep yourself here**. It doesn’t matter how much wealth you may or may not accrue over your lifetime. All of us get here the same way (sperm fertilizes egg). All of us deal with ups and downs in our lives. And all of us leave this life one day. I know some people’s lives are worse than others, and I know most of us focus on those problems (or the “downs.”) But it’s these very downs (difficulties, roadblocks, betrayals, accidents, losses, etc.) that can springboard us into great lives. How many times have you heard some successful person say it was

persevering through their pitfalls that lead them to greatness? It was their decision to keep fighting through all the negativity and pitfalls that eventually gave way to success. We all need to realize that the fight is coming whether you want it to or not. Every person on this planet faces adversity at some point in their lives. It's how you deal with that adversity (meaning your mindset) that determines whether you go on to a great life – or not. But, what too many people don't realize is that after this life (great or not) you have the rest of eternity to live in. As I just stated – **WE ALL** have these two things in common – **WE ALL** get here the same way (a male sperm fertilizes a female egg) – and **WE ALL** have an appointed time to leave this life. These two immutable facts should motivate any and everyone who knows them to not only strive to live a great life – but also to make sure that they get to live in eternal bliss for all eternity – after this physical life.

I cannot stress this enough. The entirety of this book is about getting the reader to realize that this life – as great as it can be – is still only temporal. I want everyone to live a great life – but my main goal is to get EVERYONE to live a great afterlife. Because it's this afterlife that NEVER ENDS. It is for ever and ever. It is eternal.

So many people either don't believe they have an eternal soul – or they ignore the fact that their soul is indeed eternal. Most people believe you're born when you exit your mother's womb. I submit to you that this is not correct. The moment we exit our mother's womb is simply our physical birth. There's another birth before the physical birth. It's the spiritual birth. That takes place the moment we're conceived – or the moment the man's seed fertilizes the woman's egg. **This is when life begins.** This is also the moment we're born into eternity. The moment you're conceived in your mother's womb – is the moment you enter into eternity.

The Holy Scriptures (aka the **Bible**) say in **Psalms 139: 13**; "For thou hast possessed my reins; thou hast covered me in my mother's womb." (AMP)

Almighty God knows you before you know yourself. He also knows you better than you know yourself. This is why He wants you to make the choice to spend eternity with Him. And as a loving Father – He has to give you that choice.

And out of all the things you care about in this world (family, friends, finances), the absolute most important thing you should secure – even before any of the things I just mentioned – as important as they are – the first and most important thing you should secure in your life is your soul. Why? Because your soul is eternal. Your soul – whether you believe it or not is going to live forever – and it's either going to spend eternity enjoying God's love and favor – or suffering Satan's cruel and unusual punishment. But the choice is yours. It's completely up to you.

The good news is – none of us has to go the place of eternal suffering (hell) if we don't want to. But we have to make the choice. And that choice is made when we either – accept or reject – the Lord Jesus Christ as our Savior.

The Holy Scriptures say in **John 14: 6**: "Jesus saith unto him, I am the way, the truth, and the life: no man cometh unto the Father, but by me." (KJV)

Jesus is the ONLY way to get to heaven. Why do I say this? I say it, number one, because it's true. And it's true whether you believe it or not. None of us - not one human on this planet, existing now or in times past, has had a choice in whether or not they were born. Likewise, no one – ever – has, or has had a choice in whether or not they stay here indefinitely. We all know life, as joyful – and as miserable as it can be at times, is still only temporary. Anyone in their right mind – and past a certain age, knows this. This book attempts to get the reader to understand the vital importance of this.

It also tries to get the reader to consider things they've probably never considered before. For instance, the earth, the moon, the planets – celestial bodies that weigh millions and perhaps billions of tons – don't fall anywhere. They simply hang in space. They go about their rotations like clockwork. The earth is also tilted

on its axis – so we have seasons. None of this is by accident – or by chance – it was all designed this way.

I know there are plenty of people who don't believe this but let me tell you something else you may not have considered: most of the things you've come to know or believe in this life – were told to you. The only reason you know math, science, or most everything else you know – is because someone told you about these things. In fact, the only reason you know your own name is because someone told it to you. The important question is: "What do you choose to believe – and what do you choose not to believe?"

That's all I'm doing in this book, is trying to tell you why giving your life to your creator (Jesus Christ) is the single most important thing you can do in this life. It's up to you to accept – or reject it. But I'm telling you, Jesus Christ is the creator of all things – and all things were created by Him – and are held together by Him. Believing this truth will not only help you in this life, but it'll get you into the blissful side of your eternal life.

The Holy Scriptures say in **Hebrews 1: 3**; "Who being the brightness of his glory, and the express image of his person, and upholding all things by the word of his power, when he had by himself purged our sins, sat down on the right hand of the Majesty on high:" (**KJV**)

Have you ever wondered why numbers are infinite – meaning they never end. They can grow infinitely larger or infinitely smaller. They're a representation of Almighty God's limitlessness.

The Holy Scriptures say in **Psalms 90: 2**; "Before the mountains were brought forth, or ever thou hadst formed the earth and the world, even from everlasting to everlasting, thou art God." (**KJV**)

God Almighty is infinite. He is from everlasting to everlasting. Have you ever noticed that numbers mean the same thing everywhere? There is no German “one” and French “one.” They may be written differently and pronounced differently in their respective languages, but “one” means “one” all over this universe. In fact, it’s been said that everything can be described by numbers. This is all by design. And who, but an Almighty God could do such a thing? God Almighty is smarter than the combined brainpower of all the worlds geniuses - past, present, and future. His ways are beyond finding out.

The Holy Scriptures say in **Romans 11: 33 - 34**; “O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways past finding out! For who hath known the mind of the Lord? or who hath been his counsellor?” (KJV)

The Bible also says in **1 Corinthians 1: 25**; “Because the foolishness of God is wiser than men; and the weakness of God is stronger than men.” (KJV)

Everyone on this planet knows that they didn’t put themselves here. And everyone on this planet (of a certain age) knows that one day they will pass away. You absolutely know this to be true. The problem is, not many people prepare for that moment when they pass from this physical world into the spiritual world. Too many people choose to ignore that fact and act as if it isn’t true. But I’m here to tell you, it is. It absolutely is.

The Holy Scriptures say in **Hebrews 9: 27**; “And as it is appointed unto men once to die, but after this the judgment:” (KJV)

This is a statement of truth. Yet people still ignore the fact that they’re created beings who will one day answer to their creator. So many people pay great attention to their physical, mental, and financial health, but they completely ignore their spiritual health. Now I’m not talking about chanting or trying to become one with nature or the universe. I’m talking about strengthening one’s connection to the ONE

who created ALL THINGS. I'm talking about all things natural – this includes mankind, animals, insects, trees, planets, stars, and everything else in this universe. I'm also talking about all things supernatural – which includes angels and demons (or fallen angels).

Who is that someone you might ask. His name is Yeshua – also known as Jesus – or Almighty God. Almighty God says that unless you accept His gift of love - the Lord Jesus Christ - you cannot enter heaven. I don't know if you know this or not - but all time here on earth is based on the life of the Lord Jesus Christ. Surely, you've heard the acronyms B.C. and A.D. - which stand for Before Christ and Anno Domini (in the year of our Lord), both referring to Jesus Christ.

So, if you've ever wondered about God, the Bible, or eternal life – you need to read this book – and encourage everyone you love to read it as well. This book was written to help everyone understand that we ALL need Jesus (Yeshua). We ALL have to answer to HIM one day. We'll all stand before Him as either our Savior – or as our Judge.

How can I say this? It's because of two immutable facts:

1. We ALL get here the same way – through the fertilization of a woman's egg by a man's seed.

2. NONE of us put ourselves here – and NONE of us has the power to keep ourselves here. It doesn't matter how successful, attractive, or influential any of us are, we will one day pass on.

This is why we ALL need to make peace with God by accepting His gift of love to us – the Lord Jesus Christ. He's the ONLY way into God's presence and eternal bliss.

MONEY is NOT the most important thing you or anyone else should be pursuing!!! Before, during, or after you start your quest for your dream life – you should make sure you’ve secured your eternal life.

As I said before, the moment we are conceived (meaning the moment the man’s seed fertilizes the woman’s egg), we are born into eternity. So, we’ll ALL spend eternity in one of two places – either in the presence of Almighty God (in eternal bliss) – or outside the presence of Almighty God (in eternal misery).

God leaves that choice up to us. As you’re reading this book – you’re faced with a choice. Will you read and accept the teachings in this book (that attempts to get you to see the very best thing you could ever do in this life is admit that you don’t know everything, humble yourself before your creator, and accept his gift of love to you – Jesus Christ...

...or you can ignore and reject this offering, that attempts to open the eyes and hearts of those who are blind – to Who God really is – why He made Jesus to die for us – and why He doesn’t want anyone to spend eternity outside His presence (in the eternal misery of hell).

Think about that. Really give that some serious consideration. There are people (more than likely some we know) that are suffering in hell right now. People that will be there forever – and ever. If that’s not a sobering thought, I don’t know what is. I know that may scare some – and it may offend others – but if reading this book will keep you and your loved ones from going to that inexplicably horrible place – it’s well worth it. Because every one of us will either spend eternity in God’s presence enjoying eternal bliss – or we’ll be forever tormented while spending eternity being punished by God’s (and our) enemy, Satan.

I’ve often heard and communicated with people who say they don’t believe in God – or an afterlife. The most common reasons I’ve heard from these people are:

- 1.) They'll believe God is real when someone can prove He's real.
- 2.) They would believe God is real if they could see Him.
- 3.) They can't trust that God is real based on the bad things that happen in this world.
- 4.) They can't believe God is real because of someone they know who claims to be a Christian – yet acts nothing like one.

None of these are good reasons and I'll briefly explain why they aren't.

1.) God is God and will always be God whether we believe in Him or not. And if you really just take a look around, you'll see that everything has a specific shape and size. It's how we're able to identify things. And everything with a design has to have a designer. I submit to you that everything in this universe was created by Almighty God. EVERYTHING. Including you and me.

2.) We all believe in things we cannot see. If I asked anyone on this planet what it is they breathe every few seconds of every day, they'd all undoubtedly say, air. If I asked anyone on this planet of a certain age, what is it that keeps them planted firmly on this earth? They'd all undoubtedly say gravity. Yet, none of us has ever seen air or gravity. We experience the effects of both, but we've never seen them in physical form.

3.) The people who say they can't believe in a God who allows bad things to happen are the same people who would complain if God restricted their movements. Let me give you an example. Let's say two people who thought this way, met, connected, and fell in love. What if these people went out one night, had a great time, and at the end of their date, the "kiss good night" got so hot and heavy it was quickly progressing toward sex. But since premarital sex (aka fornication) is a sin, Almighty God stepped in and took away their respective libidos. Is this not a case where both these people would be angry with God for "interfering" with their good time?

Absolutely it is. Almighty God gives us a free will, so we can use it to freely obey and worship Him. If the world is in a sad state of affairs, it's because mankind made it that way – not because God wants it that way.

4.) The people who say they can't believe in God because they know "Christians" who act nothing like Christians, are basing their belief on the wrong people. God knows none of us is perfect. That's why the Bible is based on Jesus, and not us. That's also why we can't base our belief in God on anyone's actions except Jesus.

So, I encourage you to read this book with an open heart and an open mind. Let it bless you – and hopefully get you and your loved ones to accept Jesus as your Lord and Savior – so you can spend eternity with your creator – Almighty God – in everlasting bliss.
